## CEO's Message - Happy New Year!

Spring is here and that means it's time for baseball, graduations and making plans for all those fun warm-weather activities.

At GRAFCU we are with you during every season of life. You may have children who are graduating this spring and we encourage you to share Credit Union membership with them. It's a great way to help them get on the right financial track. Starting out strong with the right financial friend can really help them have life-long success.

Or, maybe you have little ones at home and are working on saving for their future college. We can help you get that savings habit started so you can meet your goals. You can even take advantage of payroll deduction to make payments easily.

We want you to know that we are always here for you and your family. We are member owned and member operated and that makes your Credit Union different from other financial institutions. It means we are here only for one reason and that is to serve you, your family and our community.

It is my pleasure to serve as your CEO. - Bob Clark
